Subject: USAA MASTERCARD

HAPPY NEW YEAR!

In December, 2006 I notified USAA Mastercard (my one and only credit card) that someone had retrieved my credit card number and that person spent over \$1,000.00 and I paid \$1,500.00 in fees. USAA is very good to me and I have no complaints about USAA.....they are just a great company to deal with. The problem is the fraud the was imposed on me. I want to press charges on this evil person that committed fraud. I have no idea how they retrieved my credit card number, I am so careful and I even have a mailbox that locks.

Due to the fact that I have a physical disability and spend my hard-earned money ONLY at the Walmart Neighborhood Market in Baton Rouge, Louisiana that is totally accessible and DO NOT shop at Walmart Supercenters in Baton Rouge, Louisiana.....they are too big and not accessible. The fraudulent person spent over \$1,000.00 at Walmart Supercenters in Baton Rouge, Louisiana.

I work for the LA State Police; therefore I am a state employee, so you can understand how precious my money is.
